Press Release
FOR IMMEDIATE RELEASE

Etisalat introduces a Super Sleek Yoga Laptop

Yoga Laptops have been in the market for over two years, but the higher market price has halted Sri Lankans from getting their hands on one. Understanding the consumer need and bringing innovative solutions, Etisalat in collaboration with EWIS produces Sri Lanka's very own Yoga Laptop. Bundled with a free dongle offering 3GB of free data monthly for the first six month, this is the ideal device for a person who is always on the move.

Designed with state-of-the-art features keeping the trendy tech savvy corporate and youth in mind; the convertible slim design supports 360 degree rotation, instantly transforming it from a laptop to a tablet.

Equipped with genuine Windows 10 and Office Mobile applications, the Etisalat Yoga Laptop doubles as a tab. Furthermore the Hold, Tilt and Stand modes allows users easily operate the device in any situation.

It features a built in camera, Bluetooth and wireless 802.11b/g/n connectivity, and a touch screen measuring at 11.6" with a screen resolution of 1920 X 1200. Weighing at 1.2 kg the Etisalat Yoga Laptop houses an Intel Quad core 1.84 Ghz processor and 4GB RAM.

Visit your nearest Etisalat Experience Centre or call the Etisalat Business Solutions Centre on 720 980 980 to obtain details on instalment schemes made available through selected banks.
